## We Care About you

We understand that an unplanned pregnancy can make you feel alone or isolated. That's why we offer many programs to give you a way to connect to other women just like you. Through our pregnancy support group, you can meet other women in an interactive environment. We will discuss topics such as childbirth, nutrition, breastfeeding, child development, and parenting.

Our volunteer mentors are women who have been through many of the situations you face, and have a passion for helping women make the best choices during this time. We even offer post-pregnancy counseling whether you have chosen parenting, adoption or abortion. You may have questions or may be feeling emotional or physical pain as a result of any of these choices. Please call us today to schedule a FREE and CONFIDENTIAL visit.

We simply want to help you sort through the emotions you are feeling and the choices you need to make regarding your pregnancy.
